## LABOR NEWS OF ALL COUNTRIES

**Track Foremen Demand Eight-Hour Day and Extra Sunday Pay—Illinois Central Changes Pension Rules—Better Safeguards Called for—London Board of Trade Investigate Sweating at Nottingham Lace Works.**

Track foremen of the New York, New Haven & Hartford Railway company have demanded a change in their ten-hour daily rule to eight hours on Saturday and time and a half on Sundays, as well as on other days for all overtime.

The rules of the Illinois Central railroad's pension department have been so changed that a man who has been in the company's service continuously for twenty-five years and a woman who has been in the continuous service of the company for twenty years may be retired on a pension for permanent disability, regardless of age.

A report issued by the board of coroners of New York shows that during five years next preceding the issuance of the document 3,413 men engaged in the building trades met death by accident while at work, on an average of more than two a day for each working day in the year. The board calls for better safeguards.

An official of the London, England board of trade has been sent to Nottingham to inquire into the sweating in the lace trade, which has been carried on by the middle women, who have been in the habit of deducting two or four cents in the shilling earned by the workers, ostensibly to pay for the coal and gas used by the middle woman while giving out work.

In the first eight months of the operation of Washington's industrial insurance law, 6,531 claims have been filed, of which only 774 have not been paid upon, 5,757 having been disposed of and the rest being under consideration. The report made by Secretary Hindley also shows that \$639,051 has been paid into the funds by the various employers of labor and that \$121,536 has been paid out on claims, while \$149,796 is in reserve, leaving a balance of \$277,855.

trial, lease, buy, sell and convey all such real and personal property and rights of way as the board of directors may deem necessary, proper or expedient. The board of directors shall also have power to: any time sell or dispose of any of the property of the corporation, real or personal, not required in the operation of its canals and water rights for irrigation or domestic purposes.

(SECOND)—For the purpose of considering and acting upon a proposed amendment to said articles of incorporation by adding thereto a new article to read as follows:

"ARTICLE — Notice of special meetings of the stockholders may be given by mailing a written or printed notice thereof to each stockholder addressed to him or her at his or her postoffice address as appears on the books of the corporation, or if such address does not appear on such books, then at the postoffice of the principal place of business of the corporation, not less than one week nor more than two weeks before the time for holding such meeting."

(THIRD)—Also for the purpose of considering and acting upon a proposition to authorize the board of directors to sell and dispose of the power plant now in course of construction by the corporation, including all real estate, rights of way, easements, machinery and other property, both real and personal, used or to be used as a part of or in said power plant or in the operation thereof and including a perpetual right to, at all times, convey through the canal of this corporation from the headgate or point of diversion on the Weber river to said power plant, three hundred second feet of water for power purposes and such additional quantity as will not interfere with the use of said portion of said canal for conveying water for irrigation, manufacturing and domestic purposes.

**FIGHTERS FALL IN FLIGHT OVER HOUSETOPS.**  
Louisville, Ky., July 2.—At the end of a perilous flight last night over a block of house tops, with police in pursuit, Alva and Gould Bishop, blood flowing from numerous cuts received in flight, toppled over a raised metal cornice and pitched headlong toward the pavement two stories below.

Gould fell to the street, while Alva struck a trolley guy wire in his descent and was snapped across the narrow street and upon the roof of a one-story building.

Carter Berry, their antagonist, well nigh vanquished when the police entered his backyard here the fight was in progress, is covered with knife wounds.

All are in the city hospital and living, though recovery is scarcely possible.

**"TAP LINE" CASES DISMISSED.**  
Washington, July 2.—The Commerce court yesterday dismissed for want of jurisdiction the so-called tap line cases filed recently. The petition presented by the tap lines requested injunctions against the interstate commerce commission's order, determining the status of tap lines with relation to the various trunk lines. The tap lines contended they were common carriers under the law and that the commission had no authority to exclude them from the divisions of through rates, with trunk lines.

The dismissal of the cases was reached to the interstate commerce commission.

**NEW STEAMSHIP SERVICE ESTABLISHED.**  
New Orleans, July 2.—Establishing service between the Mississippi valley and South America, the British steamship Inokum, of the recently formed Mississippi Valley South America and Orient Steamship company, sailed today from this port for Brazil, carrying a cargo valued at more than \$1,000,000. The new service representing the enterprise of many American merchants and manufacturers, is de-
